PRESS RELEASE

LAUNCHING PEACE REVOLUTION SUMMIT

16 / 05 / 2016

The Summit

After careful consideration, Peace Revolution Summit (PRS) Steering Committee has decided to cancel Peace Revolution Summit due to [current security situation](#) in Thailand.

The decision was not taken lightly. It came after weeks of monitoring and collective analysis. PRS Steering committee considers that under these circumstances, we cannot in good conscience proceed with an event of this magnitude in February, and that regional summits present the best alternative.

[Africa Peace Summit](#) in Kenya (17-20 October, 2016)

Latin America Peace Summit in Mexico (25-27 November, 2016)

South Eastern Europe (SEE) Peace Summit in Albania (15-18 December,

Middle East and North Africa (MENA) Peace Summit (to be announced in 2017)

Asia Pacific Peace Summit (to be announced in 2017)

PRS Steering committee regrets to announce the cancellation of Peace Revolution Summit due to unexpected circumstances in the security situation of Thailand. The summit venue was schedule to be hosted in Cha-am, where the tragedy of the [recent attacks](#) has taken place. Therefore, we cannot risk the safety of our participants and will wait until the situation is stable again.

Peace Revolution Summit will be rescheduled to 2018, the announcement will be made on the website.

We aim to provide safety and peace for our participants, and we are grateful for your understanding of the current event cancellation.
